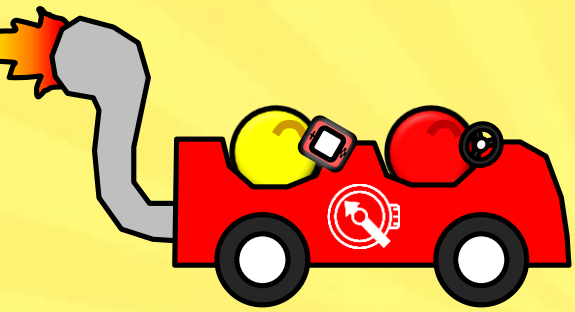
3 new ones.

Introducing a new category for minigames:

Connectivity Fun

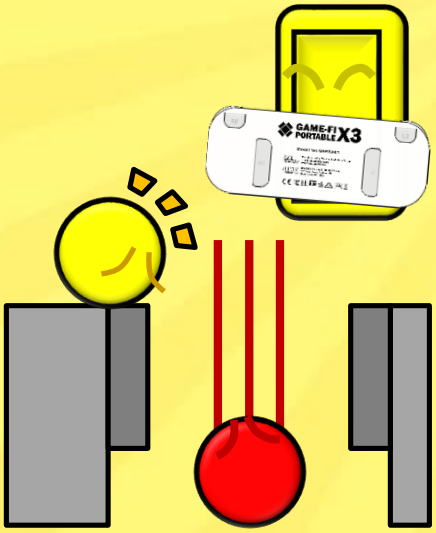
These minigames require the Game-Fi Portable X3 to be connected to the Game-Fi X3 in order to play them.

The 3 minigames that are available in this category include:



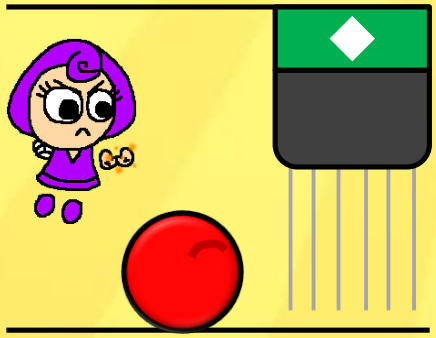
QuickieKart

Each kart has two seats. One to drive the kart and one to play the quickiegames. Your teammate must clear each quickiegame to make your vehicle go faster. If your teammate fails it, it'll go slower. Try to finish the race the fastest.



Death Chamber

Sergeant Domino has kidnapped the marbles and put them in his death chamber. It’s up to the marbles to escape, but the Trapstar must activate the traps and kill them all to prevent the marbles from escaping.



Co-operative Race

Work with your fairy partner to get past obstacles and solve puzzles to finish first before the others do.

Here's more information about

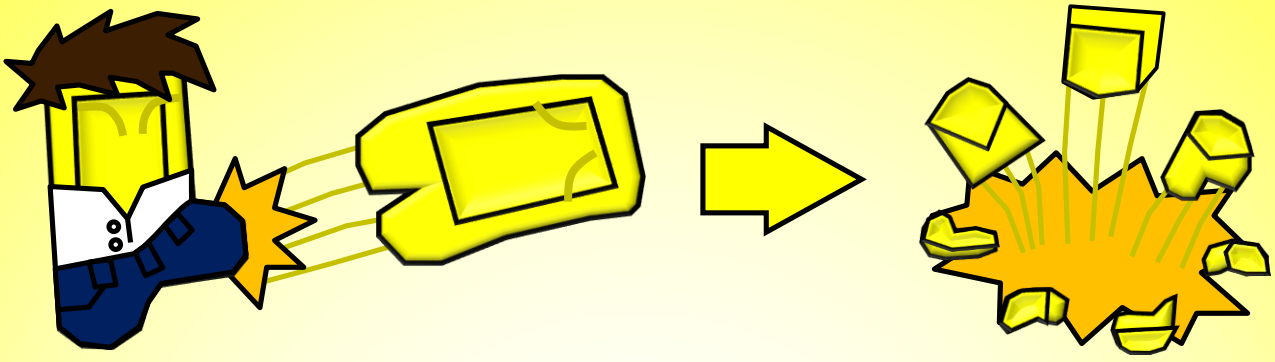
DOMINOS™

THE GAME

These are your heroes.

There’re many more characters to play as you go on in your adventure.

Bits



When you kill an enemy, they'll break into Bits. You can collect those Bits so you can use them for purposes like:

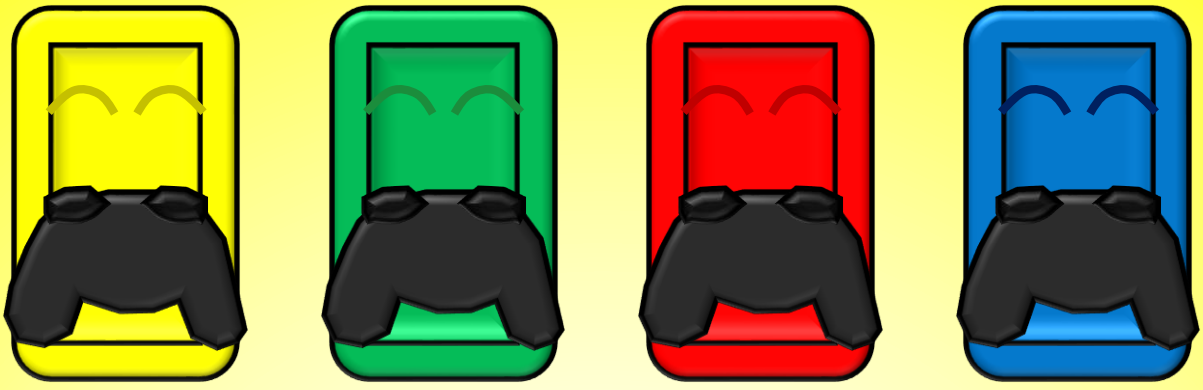
- **Build certain objects or contractions that's preventing you from continuing your journey.**

- **Purchase stuff from the black market like extra health.**

You can also get Bits by destroying other objects in the world.

Bad Badge

The dominos can't be dominos if they aren’t bad. Collect Bad Badges by completing levels, finishing a sub-objectives, finding secrets and so much more. The more Bad Badges you have, the more bad you are.



Also features 4 player drop-in/drop-out co-op which can be played either locally or online with friends.

GAME 7/7

Here's some new information about

Items

Goal Medals/Medals

Collect these medals when you complete the main mission or finish a sub-mission. Sub-mission metals don't have star edges on them and won't kick you out of the level.

3D-Coins

Collect these coins from a level or by defeating enemies to buy some cool stuff. If you grab 100 each, you'll earn a 1-Up.

Star Coins

These coins are either hidden or are in a dangerous spot. There’re three of them to grab in a level.

Presents

These little gifts will have a special surprise inside. You can find 10 of these in each mission.

1-Ups

Snatch these and you'll earn an extra life.

Power-Ups

Water

You can spray water out of your hands to clean/extinguish stuff or to stun enemies. You can also spray water while in mid-air to hover for limited amount of time.

Fire

Throw fireballs out of your hand to kill enemies, break stuff, or light up certain areas.

Ice

Throw ice balls out of your hands to freeze enemies or certain objects. You can also walk past liquids by freezing them for a limited time.

Air

You can blow or suck up enemies and objects. If you suck up a ghost, you'll be able to fire it out.

Invincibility

You can quickly kill enemies by running into them to rack up a lot of 1-Ups for a limited time.

Features

Campaign

This is where you can explore all the worlds.

Level Creator

Create your very own levels by using the tools and the assets you've got from the presents in the campaign.

Play Worlds

Play everyone's levels that were uploaded online to the internet so you can like and share them and give them feedback.

Cosmetics

You can buy cosmetics for 3D-Man from all the 3D-Coins you picked up in the campaign.

Assist Block

If you've died more than 5 times in a level, you can hit a block that will extend your health from 3 to 8.

You'll be able to download the demo of this game and play 5 levels with only one mission.
